

CONGRATULATIONS

PLANNING SHOULD BE PART OF THE FUN!

Your Favorite Day

NICE TO MEET YOU!

After 14 plus years in the Orlando Hospitality and Events Industry, I created Your Favorite Day to follow my passion and create a flexible work life for myself and our growing family.

Often described by my peers as a natural leader, I bring my experience with corporate and VIP special events to your wedding day. In my previous roles I sold, planned and managed large scale and high profile events. I believe that every bride deserves that same level of care and planning for their unique wedding vision.

I am a proud Master Certified Wedding Planner through The Bridal Society and a Certified AllSeated Professional. Always eager to learn best practices, I regularly attend ongoing wedding education sessions by top industry professionals. I am always looking for ways to serve our couples better and strive to create a seamless wedding planning process.

Your Favorite Day is intentionally small so I can be the lead planner at all of our events. You may see some of my trusted colleagues lending a helping hand on your special day. All of our event assistants are highly trained event professionals and believe in our core values!

We value Connection, Collaboration, Communication,
Client Experience and of course, Coordination.
And hey, let's make planning part of the fun!

It's about you.

There is a reason we didn't name the company McIntyre Events. We are here to help you recognize the best possible version of YOUR wedding day vision.

It's going to be me.

We are an intentionally small company so that I can be the lead planner on each event.

We are always growing and learning about the wedding industry.

We invest in technology and systems that make our process fun, easy and perfect for virtual planning.
